

Sunday, May 20, 2012 4 to 5pm

at the Indiana Medical History Museum

Kathleen Hull, MD will present

Growing Miracles: 5 Modern Wonder Drugs from the Medicinal Plant Garden

IMHM Board member, Indiana University Professor Emerita of Pathology and Laboratory Medicine, and Purdue Master Gardener, Kathleen Hull, MD, will discuss the history, botany, and basic pharmacology of five modern wonder drugs derived from plant materials including: Aspirin from European meadow-sweet, Colchicine from Autumn crocus, Digitalis from Foxglove, Taxol® from Yew, and Artemisinin from Sweet Annie . Come early! The IMHM Medicinal Plant Garden will be open for viewing starting at 1pm.

This lecture is free and open to the public.
